CANADA
HEAVY
EQUIPMENT
COLLEGE™

Who Are We

We are a "Registered" educational facility with the Ministry of Training, Colleges and Universities (MTCU) with Instructors all across Canada. We provide on-site heavy equipment and AZ/DZ training to Municipal Public Works departments and Construction companies all across Canada.

Job Description

- Provide on-site heavy equipment training programs to Municipal Public Works staff and/or Construction company staff throughout Canada.
- Teach and explain safe and efficient work practices/policies/procedures at various locations.
- Travel throughout Ontario to provide short concise on-site heavy equipment training assignments.
- Identify and communicate any safety concerns through training, site inspections and assessments.
- Mark tests, evaluate and grade students.
- Demonstrate professional code of conduct at all times, exemplifying behavior in the industry.
- Assist in the creation of new training programs.

Qualifications

- 10 years + diverse experience on multiple heavy equipment machines
- Instructional or Supervisory experience an asset
- Applicable Certifications
- Previous HEO Instruction experience an asset
- Excellent communication and interpersonal skills
- Good verbal and written communication skills

Remuneration

\$34 per hour +all travel expenses (mileage, meals, hotels etc.)

Send resume outlining experience to:
